

## **Taylor Community School Corporation Wellness Policy**

The Board of School Trustees of Taylor Community School Corporation supports the health and well-being of the school corporation's students by promoting nutrition and physical activity at all grade levels.

In accordance with federal law, it is the policy of the Board to provide students access to healthy foods and beverages; provide opportunities for developmentally appropriate physical activity; and require that all meals served by the school corporation meet and exceed the federal nutritional guidelines issued by the U.S. Department of Agriculture. A Coordinated School Health Advisory Council will be formed and maintained to oversee these activities.

The School Wellness Policy will be made available to students and families on the school website at [www.taylor.k12.in.us](http://www.taylor.k12.in.us).

### **1. Coordinated School Health Advisory Council**

The board will engage parents/guardians, food service professionals, teachers for physical education, school health professionals, school board members, school administrators and other interested community members in developing, implementing, monitoring and reviewing corporation-wide nutrition and physical activity policies. A Coordinated School Health Council will be formed and maintained at the corporation level to oversee the development, implementation and evaluation of the school corporation's wellness policy.

- A.** In accordance with state and federal law, the school corporation will form and maintain a corporation level Coordinated School Health Advisory Council that includes the following:

Food Service Director- Paula Bolin  
School Nurse – Nikki Hammond  
Administrator – Jeremy Luna  
Athletic Director – Steve Dishon  
Physical Education Teachers – Steve Meadows and Kirk Wiley  
Teacher – Denise Leicht  
Parent – Kelly Pasquale

- B.** The Advisory Council shall meet at least annually to review nutrition and physical activity policies and to develop an action plan for the coming year. The Council shall meet as needed during the school year to discuss implementation activities and address barriers and challenges.
- C.** The Advisory Council shall report annually to the Superintendent and the School Board on the implementation of the wellness policy and include any recommended changes or revisions.

- D. The School Board shall adopt or revise nutrition and physical activity policies based on recommendations made by the Advisory Council.

## **2. Nutrition Education and Nutrition Promotion**

Nutrition topics shall be integrated within the comprehensive health education curriculum and taught at every grade level (K-12) according to standards of the Indiana Department of Education. Schools will link nutrition education activities with existing coordinated school health programs or other comparable comprehensive school health promotion frameworks.

## **3. Standards for USDA Child Nutrition Programs and School Meals**

The board will provide and promote the National School Lunch and Breakfast Programs to ensure that all students have access to healthy foods to support healthier choices and promote optimal learning.

## **4. Nutrition Standards for Competitive and Other Foods and Beverages**

- A. The Board will provide and allow foods and beverages that support proper nutrition, promote healthy choices, and comply with federal nutrition standards in vending machines, school stores and concession stands. This also includes food and beverages made available in schools during the school day for such events as school fundraisers and food and beverages brought into the schools by students or other person such events as birthdays and classroom celebrations.

Fundraisers selling food items that do not meet the federal nutrition standards are limited to two such fundraisers per school building per year.

- B. The Board will allow marketing in school buildings and on school grounds during the school day for only those food and beverages provided by the school that meet the federal nutrition standards. Marketing that promotes student health will be permitted in school buildings and on school grounds.

## **5. Physical Education and Physical Education**

The Board supports the health and well-being of students by promoting physical activity through physical education, recess and other physical breaks; such as before and after school activities. Additionally, the Board supports physical activity among elementary students by providing them with at least 30 of the recommended 60 minutes of physical activity per day.

## **6. Other Activities that Promote Student Wellness**

The Board supports the health and well-being of our students and staff by creating and promoting policy and environmental supports to provide physical activity and healthy eating opportunities.

## **7. Evaluation**

Through implementation and enforcement of this policy, the corporation will create an environment that supports opportunities for physical activity and healthy eating behaviors. To ensure continuing progress, the corporation will evaluate implementation efforts and their impact on students and staff at least every three years.

The board designates the Superintendent to ensure compliance with this policy and its administrative regulations. The Superintendent is responsible for retaining all documentation of compliance with this policy and its regulations, including but not limited to each school's three year assessment and evaluation report and this wellness policy and plan.

2. Schools will allow staff to use school facilities outside of school hours for activities such as group fitness classes, walking programs and individual use.
3. Staff will be encouraged to participate in community walking, bicycling and running events.
4. Physical education will be taught by a licensed physical education instructor.
5. All staff involved in physical education will be provided opportunities for professional development focusing on physical activity, fitness, health and wellness.

## **7. Evaluation of Wellness Policy**

### **A. Implementation and Data Collection**

1. The superintendent is responsible for retaining all documentation of compliance with this policy and its regulations, but the principals shall ensure that their individual schools are in compliance with the corporation's wellness policy every three school years by assessing wellness implementation strategies. The principals shall provide a written report to the superintendent, who will provide the report to the school board. The principal's report shall contain the following information: the school's progress toward meeting the wellness goals over the previous three school years; the website address for the wellness policy and how the public can receive a copy of the policy; a description of the progress in meeting the goals, a summary of the events or activities related to the implementation of the policy; the name, position, and contact information of the school official coordinating the school's wellness team; and information on how individuals and the public can get involved with the school's wellness team.
2. The evaluation of the wellness policy and implementation will be directed by the wellness committee and will be responsible for the three-year assessment of each school's compliance with the policy and its regulations. The three-year assessment must measure the implementation of this policy and its regulations; the extent to which each school is in compliance with the policy; the extent this policy compares to other model school wellness policies; and a description of the progress made in attaining the goals of the wellness policy. As a result of this assessment and evaluation the policy and regulations will be revised as needed.
3. The three-year assessment and evaluation report will be made available to the public by posting it on the school corporation website.
